

Report from the June 25, 2017 Area 55 General Service Assembly

John encouraged everyone to attend the Ohio State Conference on July 28th through 30th and to attend Unity Day on July 1st. John said there will be a day on July 27th (7/27) where all members of AA are encouraged to make a donation of \$7.27 to General Service in New York. John, Henry and Jim S. will be visiting all the District meetings and will be showing John's PowerPoint presentation of what went on at the General Service Conference. John gave a detailed report of his trip to the Conference. You can request a copy of his report by emailing John at delegate@area55aa.org. They retired the pamphlet "Three Talks to Medical Societies" and will create one entitled "Unity In Action." They made footnote and text changes to other pamphlets as well as voting to review and rewrite still others. They will develop language regarding the topic of safety at meetings and they will create a card regarding safety for use at meetings. The Area contribution for the Delegate's trip to New York was increased from \$1600 to \$1800. A new video public service announcement will be developed at a cost not to exceed \$40,000. John also gave financial numbers and statistics. He reported that all information from the General Service Conference is also in the latest Box 459. John thanked everyone for giving him the opportunity to serve the Area as Delegate.

Respectfully submitted, John C., Delegate
